Introduction to products

- Introduction to products

Water-drop shaped welding hinge is also called heavy hinge and electromechanical cabinet hinge.

- Functional uses

Featuring strength, torsion and abrasion resistance, it is suitable for welding and installation of all kinds of indoor and outdoor carbon steel doors. It is also applicable to various switch cabinet, control cabinet, network cabinet, GGD cabinet, AE cabinet and other industrial cabinet.

Specification-20types

Real graph

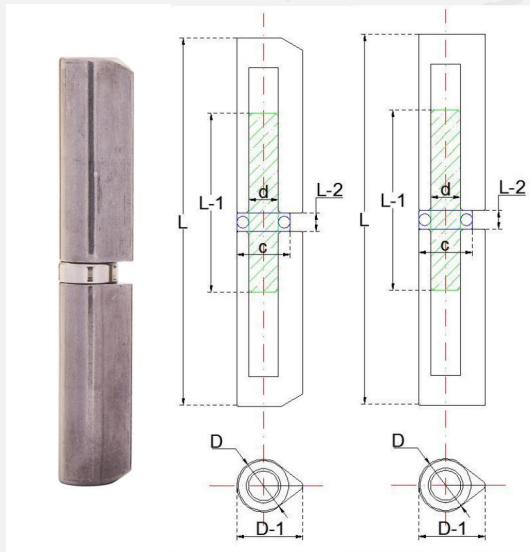

A

parameters

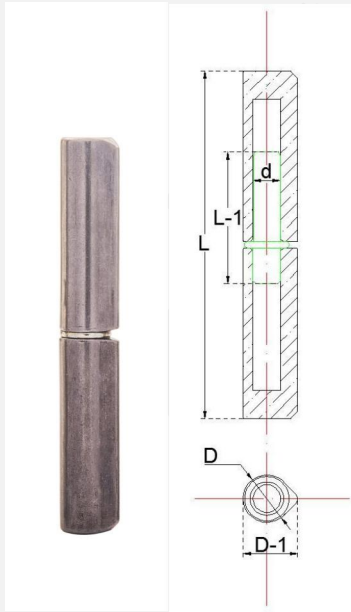

Types	D	D-1	L	d	L-1	c	L-2
20-A	20.00	24.80	140	10.85	60	20.00	7
20-B	20.00	24.80	140	10.85	60	20.00	7

Product description: Two categories of 20 types of welded hinges are available now. Type A is chamfered at both ends, and type B right angle at both ends.

Specification-12/14/16type

Real graph Type

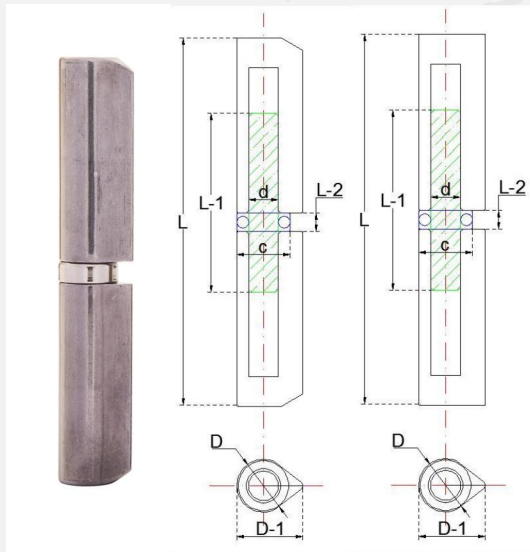

Types	D	D-1	L	d	L-1
12-A	11.80	14.10	80	6.80	30
14-A	13.80	15.60	100	7.85	32
16-A	15.80	18.20	120	8.85	44

Weld On Hinges are a great choice due to their small size and strong performance. They are suitable for various applications, such as ramps, gates, and trailer doors. They are easy to install and operate smoothly.

20 packag ing methods

The 20 inner cartons are packed with 460g kraft paper cover and lined with plastic film to prevent oil spillage. The outer carton is packed with 4mm corrugated paper, sealed with transparent tape and packed with packing tape.

12/14/16 packing method

The inner carton of 12 / 14 / 16 is packed in airplane box and lined with plastic film to prevent oil spillage. The outer carton is packed in a composite wooden case with two horizontal and one vertical packing belts to reduce the damage rate during handling.

Characteristic advantages

1

Self-owned factory

Self-owned factory could provide clients with one-stop service from design, production and sales. It has the ability to develop and produce various products according to clients' needs.

2

Reliable quality

Research and development of various testing tools to ensure that testing can be conducted at all times to enhance the quality of products in the process of production.

3

Excellent products at reasonable price

Many years of manufacturing experiences and mass procurement makes it possible to reduce the cost and provide customers with high quality products at reasonable price.

4

Easy to ship

- 1) Superior location, adjacent to Shanghai Port and Ningbo Port;
- 2) Convenient transportation, highway network in all directions;
- 3) Professionals responsible for the shipment.
